What happens when Jesus, knowing crucifixion awaits Him, prepares to enter Jerusalem? How does He spend those final days? How does He handle his adversaries? What does He teach in the temple? Finally, what exactly happens when Jesus dies and rises from the dead? These are important topics we need to discover as they will prepare us for what lies ahead and equip us to fulfill His calling on our lives. These are truths, prophecies, that seem ready to rise on the horizon of history.
