

*Ultimate Proof of Creation*  
**Dr. Jason Lisle - February 11-12, 2017**

**This powerful presentation holds true to its title: it shows how Christians can demonstrate with absolute certainty that the biblical account of creation is true.**

Any alternative to biblical creation is irrational, and cannot make sense of laws of logic, nor morality, nor the methods of science. This message gives Christians an absolutely irrefutable argument for the Christian faith, even if they have little knowledge of the sciences. Also included are practical tips on how to refute non-biblical views on origins.

**Dr. Jason Lisle**  
**Director of Physical Sciences - ICR**

As Director of Physical Sciences, Dr. Lisle leads ICR's gifted team of physical scientists who continue to investigate and demonstrate the evidence for creation. He graduated summa cum laude from Ohio Wesleyan University where he double-majored in physics and astronomy and minored in mathematics. He earned a master's degree and a Ph.D. in astrophysics at the University of Colorado.

Dr. Lisle specialized in solar astrophysics and has made a number of scientific discoveries regarding the solar photosphere and has contributed to the field of general relativity. After completion of his research at the University of Colorado, Dr. Lisle began working in full-time apologetics ministry, focusing on the defense of Genesis.

Dr. Lisle was instrumental in developing the planetarium at the Creation Museum in Kentucky, writing and directing popular planetarium shows including "The Created Cosmos." Dr. Lisle speaks on topics relating to science and the defense of the Christian faith; he has authored numerous articles and books demonstrating that biblical creation is the only logical possibility for origins. He is also a contributor to *Guide to Creation Basics* and *Creation Basics & Beyond*.
